

## **EBC Servicios Lingüísticos Europe Discounted Deposit Programme**

EBC is running a programme to put those who have paid a deposit in contact with those wanting to attend an EBC TEFL course in Madrid or Buenos Aires.

We have on our database some Madrid and BsAs applicants who have paid their 550 USD or 400 Euro deposits and due to unforeseen circumstances are now unable to complete the application process and study for the course.

To help them out we have agreed to be the middleman between you and the person wanting to sell his/her deposit.

### **Conditions of the Discounted Deposit Programme:**

1. The applicant must contact us and let us know that he/she is interested in buying the deposit at a discount. As we hold the previous applicant's 550 USD or 400 Euro deposit, we will manage the payment between you and the seller.
2. The deposit is sold at a discount and based on past experiences, students bought the deposit at a 50-100 USD discount. The course deposit is 550 USD and they buy it from the person selling for anywhere between 450 or 500 USD. **We credit the full deposit of 550 USD although the student bought it at a lesser amount.** The final payment due will still be 1049 USD even though a lesser deposit was paid. For example: if the student bought the 550 USD deposit for 450 USD, his final balance will still be 1049 USD making his final course fee **1499 USD, instead of 1599 USD**, giving him a **100 USD course fee discount**.
3. Both the one selling the deposit and the one buying the deposit benefits from this transaction. The seller doesn't lose his deposit and the buyer gets a discount of anywhere from 50-100 USD for his TEFL course. The stated discounts are based on what students have told us. How much is discounted has nothing to do with EBC, it is what the seller has requested. **We will not be involved in price discussions as we simply manage the transfer of deposits to protect the interests of both parties concerned.**
4. We act as the middleman because EBC holds the deposit of the seller and buyers (the students attending the course) prefer to go through EBC instead of paying someone they don't know. This worry is understandable so EBC has agreed on acting as the middleman. We will let you know how much the seller wants and if you agree on the price, you will have to send us the discounted deposit, we pay the discounted deposit to the seller and your payment will be credited to your place on the course date of your choice.
5. Once the seller has been paid, his details will be taken off from our database and if he wants to join in the future, he must apply again and indicate on the application form that he has been previously accepted.
