TESOL Spain

EBC Accredited TEFL TESOL Certification + Spanish + Guaranteed Student Visa

Introduction

It is still possible to work in Spain without a work permit. This statement is based on our experience placing teachers in Spanish language schools since 2002.

95% of the schools that we send your CV/resume to through our job placement assistance programme still do not care whether you have a work permit or not. This statement is based on the fact that our course graduates are still all getting hired regardless of their status in Spain.

This fact sheet is aimed at people that want a value-for-money study abroad package that combines the EBC TEFL course + a Spanish course + a money back guaranteed student visa.

The programme

EBC offers a complete study programme designed for people that want to spend time studying abroad.

The programme combines:

- the accredited EBC TEFL course as advertised on our web site and
- a Spanish language programme with one of the best Spanish schools in Madrid

The school is an official Cervantes Institute school, is a member of the Federation of Spanish as a Foreign Language schools and the Association of Madrid Spanish Schools.

Like EBC, our partner Spanish school is an officially accredited training institution.

The course covers Spanish at all levels from beginner through to expert and includes grammar, reading, writing and speaking. The Spanish courses are serious but enjoyable. We don't throw in Flamenco classes, interviews with famous bull fighters, scuba diving courses or other such activities like some other companies. We prefer to concentrate on learning the language so that you can use it to appreciate Spain.

You will learn Spanish in a fun and lively atmosphere so that you can enjoy yourself in Spain and get a deeper appreciation of the rich Spanish culture that is available in abundance in Madrid and surrounding towns.

What about visas?

If you are from the USA, Canada, Australia or New Zealand you do not need a visa to come to Spain.
